

The map illustrates a residential subdivision with 170 lots, numbered 1 through 170. The layout is defined by several streets:

- External Streets:** S. Carbon Hill Rd. (left), Morgan Road (top), and Creekside Road (bottom, curving).
- Internal Streets:** Sistek Road, Cambridge Drive, Canterbury Lane, Chaucer Drive, Camelot Drive, Lantern Drive, and Pickwick Drive.

The lots are arranged in blocks separated by these streets. A lake is located at the bottom of the map, with a cluster of trees on its eastern shore. The numbering of the lots follows a general sequence from 1 in the top-left to 170 in the bottom-right.
